### Remittance gets boost from women workers

The rise in wages in the US and an increasing intake of women workers by the Middle Eastern countries have sent remittance soaring last fiscal year.

Bangladeshi migrant workers residing in Saudi Arabia, the UAE, Qatar, Oman, Bahrain, Kuwait, Libya and Iran together sent home \$9.072 billion last fiscal year, up 8 percent year-on-year, according to figures from Bangladesh Bank. The amount accounted for about 60 percent of the total \$15.32 billion sent in by the migrant workers in fiscal 2014-15.

The remittance flow from Saudi Arabia, the UAE, Qatar, Oman and Bahrain all had positive growth, while it dipped slightly from Kuwait.

### BB threatens to restrict BASIC Bank's activities

Bangladesh Bank yesterday warned it would curtail the functions of BASIC Bank as per laws if the problem-ridden lender did not improve its deteriorating capital situation.

The central bank held a meeting with the BASIC board in which it conveyed its dissatisfaction over the state bank's capital deficit for three years in a row. In June, the government gave the bank Tk 400 crore for recapitalisation, but it could not fulfill the minimum capital requirement.

The meeting was part of the central bank's efforts to improve banks' financial health by increasing their capital adequacy ratio (CAR) in line with Basel III requirements.
